MEMORANDUM FOR: AD/DCI/IC

SUBJECT : Appointment of JAEIC Chairman

REFERENCE : USIB-D-32.7/3, 23 October 1975,
Limited Distribution

1. The reference document alerts USIB principals to the probability that the appointment of a new chairman for JAEIC will be discussed by the Board in executive session on 3 November. Nominations have been received from ERDA and CIA, and biographic information on these two nominees has been provided to the USIB principals.

2. Before a decision on the JAEIC chairman is made, certain factors in addition to the nominees' backgrounds should be discussed. I have attached a few brief points that should be covered during the discussion of nominee qualifications. Per your verbal instructions, these points are presented in a form which can be used by the DCI during the pre-USIB and USIB meetings.
